## WELCOME TO TWIN WOODS GOLF COURSE LLC

We are glad you came to join our membership list and we hope you will enjoy playing here.

### THINGS TO DO AND TO REMEMBER:

1. **FIRST THING:** Always come into the Pro Shop to sign in before you begin play.
2. Always start on Hole #1 (unless you are given permission to go elsewhere on the course).
3. **YOU** are responsible for your golf ball and whatever it may hit, so be aware of the out-of-bounds markers along the left side of #1.
4. For safety reasons, play your ball in bounds within the white markers. See the scorecard and note the location of the markers, particularly on #6.
5. Play only **ONE BALL**. This is a game of golf. Twin Woods is **NOT** a driving range!!! You could be asked to leave the course for any infractions of these rules.
6. Please help to care for **YOUR** course. Replace your divots and do your part to help keep the course green, clean and nice.
7. Repair ball marks on the greens ... yours and others you may see.
8. Report via cell phone or personally in the Pro Shop if you see anyone being disrespectful to the course or anyone on the course.
9. Pick up broken tees and place them in the tee cups. This helps to keep our mower blades sharp.
10. Keep up with those in front of you. Invite faster players to play through.
11. To speed up play with your group, play a best-ball format or pick up your ball after 8 shots and put it on the green to putt.
12. If the course is crowded, wave up players when you reach the green on the three par holes.
13. **Dress Code:** Clean and casual. No muscle shirts or work boots for men. Ladies, no revealing tops or short shorts.
14. This is a family place and we do not want alcoholic beverages on the course. Thank you for respecting our wishes.
15. Meet and greet new and old friends here. Be friendly. Make it enjoyable for all who come to Twin Woods.
16. We have been here since 1935 and the golf course was built in 1962. We are glad that you came to spend a pleasant time with us and we are glad to have you as a member.
